Operations Iraqi Freedom, Noble Eagle and Enduring Freedom take us into this millennium, and an ever-changing defense environment. The Armed Forces increasingly will bring together civilian employees, contractors, and military personnel to work side by side in military contingencies and humanitarian efforts.

AMC civilian employees deploy anywhere in the world in support of operations like Iraqi Freedom, Enduring Freedom, Desert Shield/Storm in Southwest Asia, Hurricane Andrew in Florida, Restore Hope in Somalia, Joint Endeavor in Bosnia, Operation Stabilize in East Timor. They are on assignment as emergency essential personnel to support America's soldiers wherever they serve.

This "AMC Civilian Deployment Guide" provides AMC's civilian employees with current information on what to expect and how to prepare for the demanding challenges of deployment. Ready information for the workforce and managers is a cornerstone of the Logistics Assistance Program, and all command deployments. We are committed to taking care of our people and this guide is one element of that care.
