Army leaders consider future of sustainment operations

REDSTONE ARSENAL, Ala. – The Army's sustainment leaders gathered Sept. 11-12 to establish common understanding within the sustainment community and to drive enduring change into the future. The Commanders Forum, hosted by Army Materiel Command, brought together AMC headquarters primary staff, command teams from AMC's major subordinate organizations, and leaders from Army G-4 and the Combined Arms Support Command with the goal of tackling a series of questions regarding the future of the sustainment enterprise.

AMC honors 2023 Louis Dellamonica Award winners

REDSTONE ARSENAL, Ala. – Army Materiel Command recognized 10 employees for outstanding accomplishments that have made significant contributions to AMC's mission. Lt. Gen. Chris Mohan, AMC deputy commanding general and acting commander, presented the Louis Dellamonica Award for AMC Outstanding Personnel of the Year at a ceremony Sept. 12.

Carter inducted into Senior Executive Service at AMC

REDSTONE ARSENAL, Ala. – Army Materiel Command welcomed a new member of the Senior Executive Service during a ceremony Sept. 9. Jeffery Carter joined the elite ranks of the Army Civilian Corps as a senior executive and will serve as the director of the Operations and Readiness Directorate in AMC G-3. He will be responsible for leading, planning, directing, integrating and coordinating the execution of all AMC operations, including joint and Army exercises, training, security, force protection and Army Prepositioned Stocks.

Army Medical Logistics Command marks five years

FORT DETRICK, Md. – They were building the plane as they flew it. That is how many leaders described the development of U.S. Army Medical Logistics Command, the Army's first Life Cycle Management Command for medical materiel. As AMLC celebrates its five-year anniversary on Sept. 17, leaders recognized the command's high-tempo history and ability to deliver every time. AMLC headquarters was initially activated June 1, 2019, as part of a restructuring to become the Army's primary medical logistics and sustainment command.

AMCOM hosts data analytics event, embraces AI

REDSTONE ARSENAL, Ala. – To help the workforce better understand topics such as machine learning, data visualization and data cleansing, the Aviation and Missile Command Business Transformation Office hosted the second annual Data Analytics Day Sept. 10. AMCOM commander Maj. Gen. Lori Robinson told the more than 200 attendees that technology is moving fast and will continue to move fast, so it is essential to embrace it, understand it and learn how to apply it to the work they do daily.

DASA(P) and team visit ACC-RI

ROCK ISLAND ARSENAL, Ill. – Army Contracting Command-Rock Island welcomed Megan Dake, deputy assistant secretary of the Army for procurement, for a site visit, Sept. 10. During a town hall for the ACC-RI workforce, she outlined her office's priorities, current efforts and future plans. This included her three lines of effort: ensuring the Army Contracting Enterprise is a workplace of choice, partnering for success and excellence in contracting.

LOGCAP team provides contracting surveillance training

CAMP SIMBA, Kenya – Commanders call on the Logistics Civil Augmentation Program when other options have been determined inadequate. That's especially true in Africa, and one of the locations where LOGCAP services are currently being utilized by commanders there is Camp Simba in Manda Bay, Kenya. Recently a small team of LOGCAP professionals conducted a site visit to Camp Simba to provide training and customer education on LOGCAP services.

WEXMAC improves Army contracting

GRAFENWOEHR, Germany – The Worldwide Expeditionary Multiple Award Contract is a contracting vehicle designed to improve procurement processes for expeditionary contracting. This platform is an innovative approach that enables the effective procurement of essential goods and services in challenging locations, ensuring smooth operations and rapid delivery.

JMC's RAMP serves as an resource for workload planning

ROCK ISLAND ARSENAL, Ill. – Personnel from Joint Munitions Command and partners recently gathered for the Requirements, Army Working Capital Fund, and Mission Planning meeting. RAMP was held over two days at JMC headquarters at the end of August, and provided a way for senior leaders and partners to talk about what they do, as well as discuss projected production, storage, distribution and demilitarization requirements.

ASC G3/5/7, experts at exemplary order execution

ROCK ISLAND ARSENAL, Ill. – Army Sustainment Command G-3/5/7 is the place to get the right information and get pointed in the right direction regarding operations and training. ASC is the logistics arm for Army Materiel Command, the global supply chain manager and lead materiel integrator.
